EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was obtained by telephone with Mr. Alex R. Sluzas on June 20, 2009.

The application has been amended as follows:

In the specification:

At p. 4, line 15, of the specification, insert the following:

BRIEF DESCRIPTION OF THE DRAWINGS

Figure 1 is a perspective view of the drum system used to manufacture soft capsules.

Figure 2 is the frontal section of the drum system used to manufacture soft capsules.

Figure 3 is the transverse section of the drum system used to manufacture soft capsules.

Figure 4 is the system for instantaneous gelatinization of both surfaces of the film upon emergence from the vessel for manufacture of the mass.

In the claims:

In claim 46, line 4, change "manitol" to -- mannitol --.

In claim 63, line 8, delete -- at a temperature under 50°C --.

EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

The above changes more clearly set forth the invention and are fully supported by the specification as originally filed. The applicant's most recent Amendment and Remarks have been duly considered. The provisional obviousness-type double patenting rejection is withdrawn because the elected claims in the other application involve a composition rather than a process and the non-elected claim therein does not teach or suggest the presently claimed process steps. None of the prior art references teach or suggest the process with the steps and parameters as presently claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Priority

Acknowledgment is made of applicant's claim for foreign priority based on an application filed in France on 16 December 2002. It is noted, however, that applicant has not filed a certified copy of the French application as required by 35 U.S.C. 119(b).

It is further noted that the Application Data Sheet lists the wrong application number for the French priority document. Compare, the Declaration.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DOUGLAS MC GINTY whose telephone number is (571)272-1029. The examiner can normally be reached on M-F, 830-500.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, James Seidleck can be reached on (571) 272-1078. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
